6. Talked with Mr. Norman in Congressman Charles E. Bennett's office (D., Fla.) and made an appointment with the Congressman for 3:00 o'clock tomorrow at which time we will make available to him the materials which he requested on the history and background of the Agency.

8. Talked with Charles Parker (BOB) about our proposed Executive Order exempting the Agency from certain provisions of the Training Act. Parker indicated that the materials were back in his office with a letter from the Justice Department to the President indicating that this Order could be executed by the Civil Service Commission but posing no objection to the President's execution of the Order, particularly since it was requested by the Agency and agreed to by the Bureau of the Budget and the Civil Service Commission. Parker is sending us a copy of this letter together with the Order as prepared by Justice. Parker must now prepare another covering letter from the Director of the Bureau of the Budget to the President.

9. Proposed proclamations covering the entering and leaving of the U. S. by citizens and aliens in time of war which were referred to the Agency by the Bureau of the Budget, were sent to [REDACTED] for preparation of a reply.
